

ICD Evaluation of General Credentials Application

International Consultants of Delaware (ICD) provides reports analyzing the education and licensure you earned outside the United States — presented in terms of U.S. equiva. ICD credentials evaluation reports can be used for education, immigration, licensure, certification, employment or other purposes. A request for evaluation may be submitted by you or by another individual, company, government agency or school on your behalf.

Evaluation report types

When applying, ask the organization that will be receiving your ICD Report (the recipient) which report type to select. The types of evaluation reports are outlined below.

General Statement – This report provides **general information and comparability statements** regarding the education you earned outside the United States. It identifies attendance dates, institution(s) attended and all degrees/diplomas/certificates earned, together with presenting their U.S. equivalents.

Course-by-Course Report – This report contains all of the information that a General Statement Evaluation provides, and also includes information regarding the educational institutions where you studied, your attendance dates, as well as providing a detailed breakdown with the U.S. equivalents of the courses, credits and grades and the degrees/diplomas/certificates you earned outside the United States. This report also offers two optional services:

Grade Point Average Service – Using a U.S. grading conversion system, this service provides the U.S. equivalent and an average of the grades you obtained in each subject studied outside the United States.

Summary Breakdown Service – This service provides a breakdown listing of four different types of required science courses: biological sciences, chemistry, mathematics and physical sciences that you have taken.

Additional services

Additional report recipient – This option allows you to select additional report recipients beyond the two who already receive your report as part of the basic application.

Faxed copy of your report – Upon receipt of a written request from you, ICD will fax a copy of your report, for an additional fee, to a recipient in the United States.

Overnight courier (domestic/international) – This service provides overnight delivery of a completed report to your designated recipient(s). This fee applies for each recipient whom you wish to receive your report.

Originals returned by courier – This option allows you to have any original documents you submitted as part of your application returned to you by courier.

Document translation – If any of your documents are not in English and you were unable to provide a certified word-for-word translation, ICD can arrange for document translation for an additional fee. See number 5 of step 2, *Enclosure checklist*, for translation instructions.

Priority service

14-Day Priority – Request this service if you need your evaluation report in 14 working days (excluding weekends). Evaluations will begin on the date that **all** of your required materials are received by ICD . Please let ICD know if there is a specific date when the evaluation is needed, and we will do our best to accommodate you.*

*Certain restrictions apply. See *Item 13, Terms and Conditions*, page 6.

Instructions for completing your ICD application

If you have questions regarding the application process, communication by mail (letter) or email is strongly encouraged. To assist us in maintaining the confidentiality of your application, **letters must be signed only by you**. ICD will only release information to your authorized agent when we receive a signed *Authorization to Release Form* from you. ICD can be reached by telephone: +1 (215) 222 8454 ext 603, fax +1 (215) 349 0026 or by using the [Contact Us](#) form on our Web site at www.icdeval.com. To save time, please have your ICD file number ready (if you have one). Phone lines are open between 12:30 pm and 3:30 pm Monday through Friday, U.S. Eastern Time. Please wait a minimum of 30 days before requesting a status update, unless you have purchased our priority service.

STEP 1 Complete the *ICD Evaluation of General Credentials Application*.

Note: Applications will be accepted by mail or courier only. Faxed and emailed applications will not be accepted.

- Item 13 on page 6 outlines the *Terms and Conditions* of the ICD credentials evaluation.
- Item 14 on page 6 creates a contract. Read the information carefully before **signing** and **dating** this Attestation.
- Make a copy of your completed application form for your own records.

STEP 2 Enclosure checklist

The following documents are part of a complete application for an ICD credentials evaluation:

1. Photocopies of diplomas and certificates earned during secondary school education must be authenticated, legalized or notarized by the country's approved channels for authentication and must be translated (see number 5 below). The translation can be done by the applicant. External exam results submitted by the applicant will not be accepted. Applicants who do not have an official *secondary* school diploma/certificate should request that the agency that issued/granted the diploma/certificate write ICD directly with verification of your status.
2. Official academic records/transcripts from all professional (tertiary) educational institutions you attended, which should include courses, grades, credits/contact hours, course description/syllabi and evidence of conferral of degree/diploma/certificate, sent **directly to ICD** by the issuing institution's registrar's office (see page 7).
3. Documentation of any legal name change, if applicable (for example, a marriage certificate).
4. Certified English translations of any documents not in English. The following sentence **must** be typed or written at the end of the translation: "**Certification of Authenticity:** This is to certify that this is a true and correct English translation of the attached photocopy of the original (name of document) of (your name)." This sentence must then be signed by the translator.

Note: Official documents received directly from the issuing institutions and authenticated or legalized photocopies received from you and/or your representatives become the property of ICD and will not be returned or released to a third party.
